

Multi-Tiered System of Supports Documentation Packet

**Intervention Services
Office of Elementary Education and Reading
Published 2015**

The Mississippi Department of Education, with the support of the Intervention Services Advisory Panel, developed an All-Inclusive Intervention Documentation (AID) packet to assist districts, schools, and educators with the documentation and implementation of interventions. The AID packet provides the means to reflect on policies and practices at the classroom, school, and district level in order to continually improve student outcomes. The AID packet is organized according to the following sections:

- **Section 1A: Pre-K Student Profile or K-12 Student Profile** – Provides a means of collecting detailed student information that can be used to determine recommendations for interventions, screenings, assessments and classroom instruction. All students receiving academic or behavioral interventions must have a student profile completed.
- **Section 1B: Tier I High-Quality Classroom Observation** – Includes elements of Tier I instruction aligned to the M-STAR Teacher Evaluation Domains and Standards that should be observed and verified by a school administrator to ensure appropriate classroom instruction, classroom management, and differentiated instruction with the general education core curriculum as well as social/behavioral supports.
- **Section 2A & 2B: Tier II (Supplemental Instruction) Documentation** – Provides an efficient means of collecting and documenting information regarding classroom instruction, progress monitoring, parent notification, supplemental instruction, and social/behavioral interventions used to support and extend the critical elements of core instruction.
- **Section 3A: Teacher Support Team (TST) Referral and Meeting** – Provides an efficient means of requesting or recommending further supports needed due to the student's lack of progress with Tier II interventions, as well as documentation of meetings held and decisions made by the TST.
- **Section 3B & 3C: Tier III (Intensive Intervention) Documentation** – Provides an efficient means of collecting and documenting information regarding intensive interventions and progress monitoring for all students who fail to respond adequately to Tier I and Tier II instruction and supports.

Additional documents were added as an appendix to the AID packet to assist with the effective implementation, notification, and documentation of intervention services for all students. The appendix is organized according to the following sections:

- **Appendix A: Social/Emotional Worksheet** – Provides a checklist to aid in collecting information to identify potential deficit areas where Tier II or Tier III intervention may be needed.
- **Appendix B: Language Service Plan (for Students with Limited English Proficiency)** – Provides an efficient means of collecting information to determine student's knowledge and skills in their first language and then understanding their performance in their second language.
- **Appendix C: Dyslexia Checklist for Teachers and Parent Interview** – Provides a checklist for elementary, middle and high school teachers, as well as a Parent Interview Form that can be completed to aid in the decision making process of intervention selection.
- **Appendix D: Sample Parent Notification of Intervention Services** – Provides a sample letter that can easily be adapted by districts to inform parents of the intervention process, progress monitoring results, and decisions relevant to their individual child.
- **Appendix E: Literacy-Based Promotion Act Documentation** – Provides the required documentation of parent notification regarding deficiency, date read at home plan was shared, qualifying determination of good cause, adherence to process, and final decision of superintendent.
- **Appendix F: The Mississippi Early Learning Standards for Classrooms Serving Four-Year-Old Children: An Observational and Performance-Based Checklist** – Provides a checklist of competencies and objectives that are aligned to the College and Career Readiness Standards and Domains for four-year-old children. The checklist can be used in the fall, winter, and spring to track student progress and plan appropriate classroom instruction and intervention.

Appendix D: Sample Parent Notification of Intervention Services

Dear Parent/Guardian:

As part of district- and state-wide efforts to meet individual student needs and improve student achievement, [insert school district name] works to consistently track your student's progress toward grade level goals, both academically and behaviorally. Interventions (extra support) will be provided as needed to all students who do not meet expected levels of achievement in reading, writing, math, and/or behavior. This system is called Response to Intervention (RtI).

Based on academic testing results, classroom performance, and/or teacher recommendation, [child's name] has been identified as a student who could benefit from intervention services. This letter is to notify you of your child's placement in:

- ☐ **Tier II**, best described as supplemental or small group instruction that your child will receive in addition to core curriculum instruction provided by his/her classroom teacher. Your child will be in this tier for up to 10 weeks before final progress is determined and further support is provided, if needed.
- ☐ **Tier III**, best described as intensive interventions that occur daily and with the guidance of the Teacher Support Team. Your child will be in this tier for 8-16 weeks before final progress is determined and further support is provided, if needed.

The additional support that your child will be provided includes:

- ☐ [add Intervention #1 here]
- ☐ [add Intervention #2 here, if applicable]
- ☐ [add Intervention #3 here, if applicable]

[If referring to Tier III]

The Teacher Support Team (TST) would like to invite you to a meeting regarding your child's progress in school. The TST's purpose is to review and consider all available information and to recommend additional educational strategies and interventions to further assist your child. We welcome and desire your participation in the decision making process through your attendance.
