“A GREAT PLACE TO BE”

Welcome Message for 2017-2018

Indian Nation,

The 2016-2017 school year will go down as one of the best years in Hazlehurst High School history. The students, staff, and community worked together to ensure each day was meaningful and purposeful for each scholar. Our goal this year will be to continue to grow and develop each scholar academically and socially. If there is anything I can do to make your scholar(s) 2017-2018 school year a success, don't hesitate to contact me via phone at 601-894-2489 or by email at jmumford@hazlehurst.k12.ms.us

HHS Indian Nation News

WELCOME Scholars!!!

Welcome back to another school year! As I enter my second year as principal of Hazlehurst High School, I want to thank you for an awesome 2016-2017 school year. Our 2016-2017 Seniors were awarded almost a million dollars in scholarship money. Our scholarship goal for this school year will be \$2 million dollars. Some really exciting programs were instituted and we look forward to building on these programs and introducing a few more. I am proud to be a part of a community where “Excellence is the expectation in everything that we do.” Community, let’s stay engaged throughout the entire year as we work together to make Hazlehurst High School “A Great Place to be.”

“Intelligence plus character-that is the goal of true education”.-Martin Luther King

Academic Achievement

Academics continue to be the top priority at HHS. Our focus this year is to continue working to increase student achievement. We need to make sure our scholars arrive for the new year with the belief that education is important and requires hard work. Our scholars need to value their class assignments and realize that a studious individual is one who spends an extra 20 minutes reviewing lessons learned from each day’s lesson taught at school. Parents also need to stress the importance of responsibility, attendance, and self-motivation as we strive to educate our scholars. As the meaningful adults in their lives, parents, and teachers must do all they can to support the development of academic and organizational skills.

Academic Goals for 2017-2018

- Increase school attendance by 3% to 5%
- Decrease the number of absences among individuals
- Introduce more PBIS activities for Students
- Decrease discipline referrals
- Increase students’ first time passing rate on State Test
- -100% Graduation Rate for 2017-2018

Are You Ready For Some FOOTBALL?

Go Mighty Indians!!!

Indian Nation, let's come out and support our Mighty Indians
