

Welcome to the School Counselor's Corner

The **Hazlehurst**

High School Counseling

Department is sincerely devoted to serving the needs of all scholars who enter our door. We are entrusted with the task of making certain every scholar is career and college ready!

Every scholar deserves the opportunity to be successful and it is our mission to provide all resources possible to make their dream a reality. However, it still takes a village to raise a child and with the support of parents/guardians, family, administrators, faculty, staff and our entire community, we will succeed for our scholars. With passion and conviction, we work tirelessly to promote our school's vision to make Hazlehurst High School "A Great Place to Be."

Friendly Reminders

In order to facilitate and meet the needs of all scholars, we kindly ask for parents and community leaders to **schedule appointments** so we will not have conflicts with our scholars' needs. We honestly enjoy serving our community and we are trying vigorously to accommodate everyone. We look forward to seeing you!!!
