August 26, 2020

Hazelhurst City School District Parents:

The safety and security of our staff and students is of our utmost concern. The staff of the **Hazelhurst City School District** has been working diligently to increase health and sanitation efforts throughout each building and facility within the district. However, no person, plan, or organization is exempt or immune from the possibility of contracting or being at risk for contracting viruses, colds, or bacteria. With increased processes of **disinfecting buildings, monitoring temperatures, and enhanced social distancing measures**, we recently had a student to test positive for **COVID-19**. Upon notification, we instituted immediate contact tracing of possible students who may have come in direct or indirect contact with this student. **Students** who may have been in contact with the student who tested positive, **have already been placed on quarantine as completely virtual students for fourteen (14) calendar days**. Hence, during the time of contact, **ALL students and staff were socially distanced and wearing masks**. The leadership of the **Hazelhurst City School District** will continue to disinfect, socially distance, monitor, and follow all response protocols as set forth by the **Center for Disease Control, Mississippi Department of Education, and Hazelhurst City School District's school board policy manual**.

If you have any questions or need further clarity, please do not hesitate to contact the central office at **601-894-1152**.

Sincere regards,

Cloyd Garth, Jr.
Superintendent
